

I would like to say that I listen to K-LOVE on a daily basis when I am in my car. My 13 year old daughter as well as my husband also listen to it on a daily basis. If this station were to go off of the air, I feel it would be a disservice to our community and others. We need MORE stations like K-LOVE to inspire the youth of today. They need encouragement, not discouragement. Please know that I am opposed to a LPFM broadcaster replacing K-LOVE. Thank you for your consideration.
